What You Can Expect to See and Do at the Festival:

The Festival of Trees is only possible through the support of the whole community and all the volunteers and groups who give their time, organize and run their activities to make it happen. The festival is about having family and children activities to participate in at very little cost, to help increase family and community wellness.

The committee only has the money they raise through tree raffle tickets ($1.00 each) and the money that is donated.
Expenses are paid and the rest is donated back to the community.
The largest donation of $10,000 goes to the Kids Are Worth It Nutrition Program and the remainder is given back to non-profit groups that help with the tree-mendous festival week.

Now that you understand how wonderful our event is, we want to personally invite your company and families to come out and be part of this local community event of fun and creating HOPE and good deeds.

THANK YOU
For Organizing this Festival

Lac La Biche County
welcoming by nature.
